

All About Your Destination Workshop In San Miguel de Allende November 7-14, 2024

Overview

Love of Aging takes curious explorers on journeys to magical locations, journeys of personal discovery, creativity, and renewal. Our destination workshops explore a new narrative for aging and are a celebration of cumulative wisdom, life experiences, and the freedom to go for it.

Our November 2024 destination workshops will take place in the Pueblo Mágico (Magical City) of San Miguel de Allende, Mexico. The workshop includes 7 nights' accommodations and 6 workshop/exploration days.

In addition, we will schedule pre- and post-workshop sessions via Zoom. These sessions are part of the workshop so that when you land in San Miguel de Allende you are already engaged in workshop material and inquiries and you continue to expand on workshop outcomes after returning home.

2 Pre-Sessions:

Wednesdays 4:00-5:30 pm PDT

Dates TBA

2 Post-Sessions:

Wednesdays 4:00-5:30 pm PDT

Dates TBA

We recommend attending pre- and post-workshop sessions live via Zoom; however, we will video them for participants who have schedule conflicts.

Arrival

Fly into Leon International Airport where you will be met by a Bajio Go shuttle driver. As flights land, we will gather workshop participants into small groups and transport you to San Miguel, about a 90-minute drive. (See FAQs for recommended flights.)

On your arrival date, we will meet up and go to dinner in the city center.

NOTE: If you are joining us in San Miguel de Allende, please print and complete pages 10 and 11 of this document. Thank you.

Accommodations

Our destination workshop will take place at Casa Angelitos, a charming boutique inn with lush private gardens and stunning views of the city and surrounding countryside. Located in the El Atascadero neighborhood, the Casa is mere minutes (a \$3 cab ride) from the heart of town. Custom-built in the Spanish Colonial style, the Casa is filled with local art, stained glass, comfy furniture, guest kitchens, and multiple indoor and outdoor lounging spaces. It even has guitars and a piano that

guests can play.

Love of Aging will have the Casa entirely to ourselves. Our host Roger treats guests like family and can easily connect us with whatever we need. Casa Angelitos staff will prepare and serve delicious daily breakfasts, coffee, tea, and snacks.

Space is limited and room choice is first come first served. Room amenities include free high-speed Internet, bottled water, housekeeping, in-suite bathrooms, hair dryers, and more. And there is plenty of space for socializing with fellow explorers. Please see the Destination Workshop Application (page 2) for room descriptions and pricing.

Destination Workshop Intentions & Methodologies

1. We will immerse our explorers in the magic of San Miguel de Allende.

Step out of your everyday environment and through the portal that is San Miguel, and you will find yourself thinking and acting in new ways. During workshop sessions, we will provide you with discovery questions that serve as a lens for viewing and discussing the day's experiences. Consider the city of San Miguel de Allende to be your "other workshop leader" as you explore its culture, experience its art and natural beauty, and meet its extraordinary people.

2. We will provide curated sensory experiences and coursework that free up your imagination, open up your perspective, and shake up your view of aging.

What if your future is not set in stone? Our workshop is designed to keep pushing the boundaries of your imagination such that you get a new and even surprising perspective on yourself and your future. We will look at the reality of aging, including its gifts. And we will use written and verbal exercises, as well as a unique, local form of artwork, to shake things up.

3. We will take you on a journey in which you will discover and design an unparalleled next life chapter.

Our workshop includes an approach to both discovering and designing your next chapter as an expression of your unique tastes, passions, and callings. It also includes conversations with local artists and entrepreneurs who have reinvented themselves, creating unparalleled futures that light them up.

San Miguel de Allende: The Other Workshop Leader

Located in the heart of Mexico in the state of Guanajuato, San Miguel de Allende is a **UNESCO World Heritage City**, offering a colorful, historic Spanish Colonial atmosphere with modern comforts. The buildings, public square, and cobblestone streets in the city center have been preserved much as they were 250 years ago.

San Miguel de Allende is renowned for its hospitality and was voted **#1 Best City in the World** in *Travel and Leisure's* 2022 reader survey.

A mecca for native Mexican artisans and ex-pat artists and writers from the US, Canada, and Europe, the city abounds with art galleries, shops, and boutiques featuring antiques, decorative items, sandstone handicrafts, masks, glass, sculpture, jewelry, and clothing. Local museums feature the work of Mexican artisans and painters, including murals by renowned artists.

Because Love of Aging Co-Founder Liz Dietz has a home in San Miguel de Allende, we have not only arranged guided tours and day trips for workshop participants but have also scheduled social gatherings with fascinating ex-pats and natives, who live in San Miguel.

All activities have been carefully selected to expand on what we are exploring in our daily workshop sessions. You will receive a daily itinerary upon arrival. Meanwhile, here are some of the activities you can look forward to as we immerse you in the sights, sounds, smells, tastes, and textures of this extraordinary destination.

- **Welcome dinner** and fiesta on our first full day together.
- Guided art and architecture walking tour of the city center, including:
 - **El Jardín**, the central square that is the beating heart of the city, where mariachis perform and locals people-watch.
 - **La Parroquia de San Miguel Arcángel**, the city's famous pink stone cathedral.
 - **La Escuela de Bellas Artes**, a converted monastery turned art school, featuring exquisite murals by Pedro Martínez and David Alfaro Siquieros.
- Day trip to nearby **Atotonilco** (9 miles from SMA) featuring:
 - Private guided tour of the **Sanctuary of Jesús Nazareno de Atotonilco**, a UNESCO World Heritage site: This 18th century baroque church known for its mural work by artist Antonio Martínez de Pocasangre and dubbed "The Sistine Chapel of Mexico" has been an important pilgrimage destination in Mexico since 1765.
 - Leisurely hosted lunch in a beautiful country setting at **Hotel Nirvana**, whose menu features locally sourced ingredients including produce grown on the premises.

- Visits to:
 - **Parque Benito Juárez** – a lovely place to wander, people watch, and view local art.
 - **Fábrica La Aurora** – a large collection of art galleries and design studios in a remodeled cotton factory.
 - **Mirador** – the best view of the city and surrounding countryside.
 - And other sights.

- Shop, people-watch, and visit with artisans at the **Mercado de Artesanías** – a descending pedestrian walkway that covers several blocks lined with stalls selling handicrafts including silver jewelry from Taxco, rugs from Oaxaca, talavera pottery from Dolores Hidalgo, glass, tin lamps, and more.
- Guided tour of **El Charco de Ingenio**: This 170-acre Botanic Garden that lives within a nature preserve was designated a "Peace Zone" by the Dalai Lama.
- A hosted dinner and cocktail party with special guests in **Liz's home in San Miguel de Allende**.

- A hosted cocktail party with special guests in the adjacent homes of American ex-pats Howard & Bill and Mexican entrepreneurs Luis and Ernesto.
- Farewell dinner and fiesta on our last full day together.
- Time on your own to further explore the city (we'll provide recommendations), socialize with fellow participants, or delve into workshop topics and assignments.

Your Love of Aging Workshop Leaders

Your Destination Workshop is designed and led by Love of Aging Co-Founders Candace Shivers, Liz Dietz, and Maureen Charles.

Candace Shivers

Renowned public speaker, Candace Shivers is an expert on the impact of attitude on the quality of life for older adults. At age 65, after spending 36 years training people from around the globe in effective communication, leadership, and public speaking, she reinvented herself, launching her current career as a champion for older adults living a healthy and vibrant lifestyle. Candace served for 10 years as Special Projects Manager for WISE & Healthy Aging, a leading-edge non-profit, where she designed and delivered innovative programming for older adults. Candace has also been at work on her bucket list: traveling to 27 countries, completing a half marathon for her 70th birthday, getting fit through yoga classes and weekly weight training sessions, taking Bollywood dance lessons. She joined her local Rotary Club, where her leadership and commitment to community service, earned her the 2022 Rookie of the Year award. At 77, she brings all of her talent, experience, and zest for life to Love of Aging.

Liz Dietz

Liz Dietz is a highly regarded public speaker, covering topics such as women in leadership, entrepreneurship, technology trends, social activism, the changing workforce, and the role of higher education in the new world of work. For 37 years, Liz devoted herself to the professional goal of transforming higher education through technology and was recognized and sought after as a global leader in her field, working in executive capacities at publicly traded software corporations (Workday and PeopleSoft) as well as privately held companies. Her interest in the concept of healthy aging began in 2006 when she served on the Board of WISE & Healthy Aging and participated in the care of her aging mother, who was suffering from dementia. Now retired, at age 70, Liz is at work on creating the next and grandest chapter of her life. In 2020, she completed the historic “Camino” pilgrimage, walking from Porto, Portugal, to Santiago de Compostela, Spain. Our local guide for this destination workshop, Liz has a second home in San Miguel de Allende, where she has lived off and on since 2007.

Maureen Charles

A lifelong educator, writer, and leadership trainer, Maureen Charles brings extensive experience in community leadership, project implementation, and curriculum design to Love of Aging. During 27+ years as a program leader for a global training and development company, Maureen coached thousands of people to design, implement, and lead community projects – ranging from neighborhood events to international NGOs – and to be unstoppable in galvanizing their communities to take action in service of a vision. Her interest in the nexus of aging and attitude arose from her experiences of bereavement following the sudden death of her spouse in 2016 and of choosing a new career path in her late 50s. She has worked as a professional writer and editor for 15+ years and recently earned her Master’s (MFA) in Writing for Children and Young Adults.

Her young adult nonfiction biography – *Music Mavens: 15 Women of Note in the Industry* – was published by Chicago Review Press in November 2022. Now 64, she serves as Board Chair for Aid Still Required, an international NGO that funds K-12 education, medical care, and social services for some of the Haiti’s most impoverished communities. She is Editor-in-Chief of our website, LoveOfAging.com.

FAQs

1. What airlines and flights connect with Leon International Airport (BJX)?

Major airlines fly into Leon Airport (BJX) from the following hubs. Please book a connecting flight from your home airport to one of these cities.

Airline (network)	Connects From	Connects to
United (Star Alliance)	Houston	Leon Airport (BJX)
American (One World)	Dallas	Leon Airport (BJX)
Delta / Aeromexico (Sky World)	Mexico City	Leon Airport (BJX)

There are some direct flights from the US to Leon via Volaris, a “no frills” airline (similar to Spirit or Frontier). They also fly from Tijuana to Leon. Book with them only if you are comfortable traveling this way.

We highly recommend purchasing changeable or refundable tickets and travel insurance. (See Destination Workshop Application, page 1, for details.)

We recommend landing in Leon by 3:00 pm so you get to San Miguel in time for dinner and a good night’s sleep. We will begin our day at 8:00 am on November 8.

Check-in time at Casa Angelitos is 3:00 pm and check-out time is 12:00 noon. However, they can accommodate early arrivals or late departures.

Please provide your flight information on the attached form so we can organize transfers to San Miguel de Allende, a 90-minute journey by car.

Please note that you may be asked to wait at the Leon airport for workshop participants to arrive on another flight before your shuttle can depart.

We will organize a no-host evening meal on arrival day. A light breakfast is included on departure day.

2. Will I need a passport?

Yes. If you’re flying in, you need a **passport book*** to enter Mexico. No visa is required for US citizens. Please make sure your passport will not expire prior to

your arrival in Mexico. Passport renewals are slow right now (8+ weeks) so if you need to renew, be sure to get right on it. Please also bring a photocopy of your passport to serve as an ID while in San Miguel de Allende.

If you are not a US citizen, please check passport and visa requirements pertaining to your home country.

*Please note: Most travelers have a “passport book” – i.e., a multi-page passport. If you are someone who usually crosses the border by automobile using a “passport card,” you should know that while you can enter Mexico with one, **US Customs in airports does not accept passport cards** upon return, so be sure to bring your passport book.

3. **What if I want to extend my stay? Several past participants have regretted not extending their stay for a few days.** If you wish to arrive early or stay past the departure date, we recommend you make your reservations soon. We can help you to secure housing with Casa Angelitos if it is available for the dates you desire or recommend other accommodations. We can also direct you to the many things to do in the area: from hot springs to horseback riding, classes in art or Mexican cooking, and day trips to Dolores Hidalgo or Guanajuato.
4. **Will we be in San Miguel for Día de Los Muertos?** No. That holiday is on November 1.
5. **What will the weather be like?** The daytime weather in November is usually mild and beautiful. Mornings and evenings are cool with afternoon temperatures in the mid-60s to mid-70s. Overnight lows typically range from 44°F to 54°F.
6. **What should I pack?** Please pack comfortable, casual clothing that you can layer (see weather) including a jacket, heavy sweater, or warm wrap for the evening. (Note: Shorts are rarely worn in San Miguel.) You may wish to bring one or two dressy-casual outfits to wear at our planned cocktail parties. You will be taking walking tours and crossing cobblestone streets, so please pack sturdy walking shoes. The sun is strong in San Miguel de Allende, so please pack sunscreen and a sun hat (one that covers your head, not just a visor). Of course, you can easily purchase a hat in town. To protect your money in crowds, please also bring a cross-body purse, fanny pack, or money belt. And pack sufficient medications for the duration.
7. **Do I need to exchange dollars before leaving for Mexico?** No, you do not. You can withdraw pesos using a debit or credit card at an ATM in Mexico and get a much more favorable exchange rate than in the US.
8. **What about using credit cards?** Local merchants and restaurants take the usual credit cards. If possible, we recommend you bring a card or cards that do not incur international transaction fees. Also, please make sure that related banks know you will be in Mexico so they do not put a freeze on your debit or credit cards.

9. **What about telephone usage?** If you have a North American telephone plan, you can use all cellular functions while in San Miguel de Allende. You can also check with your cellular service provider about paying for a temporary upgrade.

Alternatively, you will be able to make phone calls and send texts on Wi-Fi mode at Casa Angelitos (or anywhere in town that has Wi-Fi). What'sApp (a free, easily downloadable app) works well for Wi-Fi texts and phone calls when abroad. And, of course, the Casa has phones for making local calls.

10. **If the Casa Angelitos rooms are fully booked, can I stay somewhere else and still participate in the workshop?** Yes. Space is limited by room capacity, but we can add a few people beyond those staying at Casa Angelitos. If warranted, we will arrange space at a comparable nearby hotel. However, the sooner you book, the better your options will be.

11. **Is Casa Angelitos wheelchair accessible?** No. Workshop participants must be able to climb stairs and negotiate cobblestone streets.

12. **What about vaccination and mask requirements?** Please see your Destination Workshop Application, page 4, for information on COVID-related requirements and protocols. At this writing, testing is not required to enter the US or Mexico, but that could change.

13. **I have special dietary needs. Can those be accommodated?** Please communicate your dietary needs on the attached form, and we will provide reasonable accommodations during hosted meals. If you need specific food items that you think may not be available, you may want to bring them with you. Please note that San Miguel de Allende does have high-end grocery stores. Also, the Casa has a filtration system so its tap water is safe to drink and brush your teeth with; we will also provide bottled water.
